

POSITION PROFILE

POSITION TITLE: Assistant Director of Manufacturing

REPORTING TO: Director of Manufacturing

LOCATION: Pittsburgh, Pennsylvania

THE COMPANY: Mid-sized Chemicals Company

COMPANY PROFILE:

Headquartered in suburban Pittsburgh, the Company specializes in products for the manufacturing, metal packaging and food processing industries.

POSITION SUMMARY:

The Assistant Director of Manufacturing performs a variety of duties involving the direction, control and coordination of the Company's manufacturing operations, quality control, and related staff services, while carrying out the Company objectives at the lowest cost, consistent with quality requirements. The position reports to, and works closely with, the Director of Manufacturing, and provides an excellent opportunity for advancement to that position for the successful, outstanding candidate.

REQUIREMENTS:

- Excellent interpersonal communications, both verbal and written.
- Extensive working knowledge of chemical manufacturing.
- Experience with statistical process control, total quality, ISO 9000 and process engineering.
- Knowledgeable about Environmental, Health and Safety in the chemical industry.
- Computer literate with spreadsheet and word processing software.
- Five or more years' experience as both a leader and a team player in technical, business and managerial assignments.
- ASQ certification and Six Sigma Black Belt a plus.
- Bachelor's Degree in Industrial Engineering or Chemical Engineering from an accredited college or university.

SALARY/BENEFITS:

The Company offers a competitive salary, expected to be in the \$75,000 to \$85,000 range, plus significant bonus opportunities and comprehensive benefits program.
